CV Summary

Qualifications, academic and professional

- Doctorate in Medicine and Surgery, University of Padova (I)
- Postgraduate Specialist Diploma in Psychiatry, University of Padova (I)
- Postgraduate Specialist Diploma in Clinical Pharmacology, University of Padova (I)
- Section 12 (MHA) approved; approved clinician status achieved

Contributions to knowledge

I am one of the very few physicians in Europe with training and specialist qualifications in both psychiatry and clinical pharmacology. Outstanding contribution has been made to several areas, including:

- *Mortality studies*: I supervise and lead the National Programme on Substance Abuse Deaths (npSAD), which regularly collects all of the information on drug-related deaths from the UK. Results from some of the npSAD studies I have authored have informed the National Institute of Clinical Excellence (NICE) guidelines on antidepressant prescriptions and others had an impact on influencing successful drug-related deaths prevention policies and initiatives.
- *Stimulant synthetic drugs* (i.e.: amphetamine-type stimulants; ecstasy and ecstasy-like compounds; synthetic cathinones). Unprecedented knowledge has been especially provided on the epidemiological, psychopathological and overdose issues related to the misuse of these compounds. I believe that the recognition given to my publications over the last 20 years or so on this specific issue has granted me a considerable scientific credibility and an international reputation in this area.
- *Internet and drugs*: It is a new area of research and I am the Principal Investigator of the 4th consecutive EU Commission-funded, multi-centre (i.e.: 12 EU countries), Novel Psychoactive Substance-based, research programme (since 2002). Results from the main of these studies have provided the only comprehensive and multilingual analysis of the online available information on psychoactive compounds so far.

Record of outputs; record of support through grants for research

I have published 115 research and 62 review papers in peer-reviewed journals plus 22 research monographs and 51 contributions to edited works. Reported a significant and sustained success in obtaining research grants; been able to secure, as either Principal Investigator or Co-Principal Investigator, a sum in excess of £3,500,000/euros 4,200,000 over the last 10 years.

Teaching activities; Supervision of research students and research staff and teaching

- 1989-1999: Hon Professor of Clinical Psychopharmacology, Postgraduate School of Clinical Pharmacology, University of Padova (I) School of Medicine
- 2000-2006: Regularly involved in the St George's, University of London MBBS course lecturing
- 2001-2006: Research and Critical Skills Module leader, MSc/PG Dip Addictive Behaviour, St George's, University of London
- 2004-2006: PhD examiner; University of East London and University of London
- Supervision for the final dissertation preparation of: a) 3 PhD and 1 MD students (UK; 2 already successful); b) 15 doctorate students from the University of Padova, Bologna and Rome Schools of Medicine, Pharmacy, Psychology and Political Sciences (all successful); c) 20 students from the MSc course in Addictive Behaviour, St George's, University of London (all successful; 2000-2005); d) 2 MSc students from the University of London (both successful); e) 18 MPharm students from the University of Hertfordshire (all successful).

Invitations to participate as principal speaker/discussant at international meetings; international collaborations

I am invited to participate as a *keynote speaker* to some 15 national/international conferences per year, whilst having been instrumental in organizing 19 major international conferences (UK/abroad) .

Consultancy and commissioned reports

- Member of the Specialist Advisory Group (Psychiatry) for the European Medicines' Agency (EMA; since 2010; Chair, since November 2012)

- Member of the Advisory Council on the Misuse of Drugs (ACMD) (since 2011)
- Member of the Royal College of Psychiatrists' Revalidation Committee (since 2009)
- I have previously served as advisor to: Member of the National Institute of Health and Clinical Excellence (NICE) Mental Health Consideration Panel (2006-2011); the European Monitoring Centre for Drugs and Drug Addiction (EMCDDA; 2005); the UK Advisory Council on the Misuse of Drugs (ACMD; 2008); the UK All Parliamentary Drug Misuse Group (2008); the Italian Government (since 2008; on issues related to substance misuse); the Executive Board of the Royal College of Psychiatrists, Faculty of Substance Misuse (2008-2010).
- In my Principal Investigator role of the UK National Programme Substance Abuse Deaths I have contributed to a large number of national reports on drug related deaths.

Creation of intellectual properties and its subsequent development and application in the wider community

- Developed and implemented a methodology for assessing the web with respect to the issues related to trafficking, consumption, synthesis of licit and illicit compounds. This is being carried out with the support of the EU Commission for the Internet and Drugs, 'Psychonaut 2002' (2002-2004); 'Psychonaut Web Mapping system' (2008-2009); and 'EU-RedNet/Recreational Drug Network' (2010-2012) projects.
- Implemented and analysed the largest database ever of amphetamines and ecstasy (MDMA; MDA)-related fatalities and published these results in learned journals

Membership of peer review bodies/committees

- *Research proposal referee:* a) Medical Research Council/UK; Neurosciences and Mental Health Board (since 2004); b) EU Commission; 6th and 7th Research Framework Programme (since 2004); c) National Treatment Agency/UK (2005); d) Research for Patient Benefit/UK (2007) ; e) Economic & Social Research Council/UK (2009)
- *Peer reviewed journals referee:* served on this role for a number of international journals, including: The Lancet; British Medical Journal; Neuropsychopharmacology; Addiction; Drug and Alcohol Dependence; Psychopharmacology (Berlin); Journal of Psychopharmacology; International Psychiatry; Psychotherapy and Psychosomatics; BMC Psychiatry; Human Psychopharmacology (Clin Exp); Neuroscience and Biobehavioral Reviews; Canadian Medical Association Journal
- *Editorship:* member of the: 'International Psychiatry' (Section Editor); 'Current Drug Abuse Reviews'; 'ISRN Addictions'; 'Journal of Maintenance in the Addictions'; 'Current Psychopharmacology'; 'Open Neuropsychopharmacology Journal'; 'Clinical and Experimental Gastroenterology'; 'Substance Misuse and Rehabilitation'; 'Frontiers in Addictive Disorders'; and 'Dipendenza Patologica/Pathological Addictions' editorial board

Clinical areas of responsibility

Serving currently as a Consultant Psychiatrist (5 sessions), responsible for specialist assessment/treatment of comorbid psychiatric disorders and substance misuse in the Hertfordshire Drug and Alcohol Recovery Service.

Awards:

- June 2006: 'START' prize; given by the Italian Cabinet Ministers' Presidency for my addiction research;
- April 2009: Bronze Award (9 national points) from the Clinical Excellence Awards NHS Consultants' scheme
- February 2013: awarded the Royal College of Psychiatrists' Fellowship
- October 2013: European Commission/EC; European Health Award to the RedNet (Schifano as PI) for best EC-funded project
- 2013 certificate of excellence in reviewing for the 'Neuroscience and Biobehavioral Reviews' journal.

In summary

All through my specialist training in Psychiatry and Clinical Pharmacology I focussed my interest on the understanding of issues related to both use and misuse of psychotropic drugs and psychiatric comorbidities. I believe that I made substantial contribution to knowledge in the clinical psychopharmacology/addiction field both in the UK and in Europe.
